

## Call for papers ICISC 2004

The 7<sup>th</sup> Annual International Conference on Information Security and Cryptology  
December 2-3, 2004  
Novotel Ambassador Gangnam, Seoul, Korea  
<http://www.icisc.org/>

Original papers on all aspects of theory and applications of information security and cryptology are solicited to the 7<sup>th</sup> Annual International Conference on Information Security and Cryptology, ICISC 2004 which is sponsored by KIISC (Korean Institute of Information Security and Cryptology) and financially supported by MIC (Ministry of Information and Communication, Korea).

### Topics of Interest include, but are not limited to :

- Access Control & Audit
- Authentication
- Biometrics
- Block/Stream Ciphers
- Computer Security
- Copyright Protection
- Cryptographic Primitives
- Digital Signatures
- Distributed Systems Security
- Efficient Representations and Implementations
- Electronic Commerce
- Elliptic Curve Cryptosystems
- Hash Function
- Information Hiding
- Internet/Intranet Security
- Key Management
- Malicious Codes
- Mobile Security
- Provable Security
- Public Key Cryptosystems
- Public Key Infrastructure
- Smart/Java Cards
- Threshold Scheme

### Instructions for Authors

Submission should not substantially duplicate work that any of the authors have published elsewhere or submitted in parallel to any other conference or workshop that has proceedings. The paper must start with a title, an abstract and keywords, but should be **anonymous**. The length of the submission should not exceed 12 pages excluding the bibliography and clearly marked appendices, using at least 11 point fonts and reasonable margins. Since referees are not required to read the appendices, the paper should be intelligible without them. All papers must be in PostScript (PS) or Portable Document Format (PDF), and must be submitted to [icisc2004@nsri.re.kr](mailto:icisc2004@nsri.re.kr). It is strongly recommended that submission must be processed using LaTeX2e according to the instruction at <http://www.springer.de/comp/lncs/authors.html>.

### Important Dates

- Submission deadline: September 1, 2004 08:00 KST (GMT + 9 hr)
- Acceptance notification: October 16, 2004
- Proceedings version due : November 6, 2004

## Conference Proceedings

The pre-proceedings will be available at the conference site and the post proceedings will be published by Springer-Verlag in the *Lecture Notes in Computer Science*.

## Program Committee

- Alex Biryukov                      Katholieke Universiteit Leuven, Belgium
- Daniel Bleichenbacher            Bell Laboratories, USA
- Kyo Il Chung                        ETRI, Korea
- Robert Deng                        Institute for Infocomm Research, Singapore
- Gene Itkis                          Boston University, USA
- Thomas Johansson                Lund University, Sweden
- Antoine Joux                        DCSSI Crypto Lab, France
- Toshinobu Kaneko                Tokyo University of Science, Japan
- Hyoung Joong Kim                Kangwon National University, Korea
- Myung-Hwan Kim                Seoul National University, Korea
- Seungjoo Kim                      Sungkyunkwan University, Korea
- Yongdae Kim                      University of Minnesota, USA
- Dong Hoon Lee                    Korea University, Korea
- Arjen K. Lenstra                 Citibank, USA & Eindhoven University of Technology, The Netherlands
- Masahiro Mambo                Tohoku University, Japan
- Tsutomu Matsumoto              Yokohama National University, Japan
- SangJae Moon                    Kyungpook National University, Korea
- David Naccache                  Gemplus Card International, France
- Phong Q. Nguyen                CNRS/École Normale Supérieure, France
- Tatsuki Okamoto                NTT Labs, Japan
- Josef Pieprzyk                    Macquarie University, Australia
- David Pointcheval                École Normale Supérieure, France
- Vincent Rijmen                  Cryptomathic, Belgium & Graz University of Technology, Austria
- Matt Robshaw                    Royal Holloway, University of London, UK
- Jae-Cheol Ryou                  Chungnam National University, Korea
- Kouichi Sakurai                Kyushu University, Japan
- Palash Sarkar                    Indian Statistical Institute, India
- William Whyte                  NTRU Cryptosystems, USA
- Sung-Ming Yen                  National Central University, Taiwan, ROC
- Moti Yung                        Columbia University, USA
- Yuliang Zheng                    University of North Carolina at Charlotte, USA
